

# Terms and Conditions of Sale

Yellow County Equipment

Effective Date: December 14, 2025

At Yellow County Equipment, customer satisfaction is our top priority. These Terms and Conditions ("Terms") are designed to protect both you (the "Buyer") and us (the "Seller") while ensuring a transparent and fair purchasing experience for used heavy construction and agricultural equipment ("Equipment"). By requesting a quote, placing an order, or purchasing through yellowcounty.com, you agree to these Terms.

## Equipment Description and Condition

We provide detailed descriptions, high-quality photographs, hour meter readings, and condition reports for every unit. While Equipment is sold primarily "AS-IS," we stand behind the accuracy of our listings. If the Equipment materially differs from the description upon your inspection, you may cancel the purchase and receive a full refund of any deposit paid (see Section 5).

## Buyer-Friendly Inspection Period

You have the right to a thorough pre-purchase inspection:

- Remote video inspection or third-party appraisal at our expense (up to \$500 reimbursement).
- On-site inspection at our location (by appointment).

- 7-day "cooling-off" period after deposit: if you decide not to proceed after reviewing additional photos/videos/reports, your deposit is fully refunded.

## **Pricing and Transparent Payment**

Prices are clearly listed in U.S. Dollars and include no hidden fees. We strive to offer the lowest market prices. Payment options include wire transfer, certified check, financing, or leasing partners. Deposits (typically 10–20%) are fully refundable within 7 days if you cancel for any reason.

## **Sales Tax and Fees**

We calculate and collect applicable sales/use tax based on delivery location and only charge what is required by law. Valid tax exemption certificates are honored.

## **Generous Cancellation and Refund Policy**

- Deposit fully refundable within 7 days of payment.
- If Equipment does not match description upon delivery, Buyer may reject it and receive full refund (including shipping costs if arranged by us).
- No restocking fees.

## **Nationwide Delivery and Support**

We arrange reliable nationwide USA shipping (7–14 days typical). Buyer may choose own carrier. We provide tracking and insurance options at competitive rates. Post-delivery support includes assistance with any initial setup questions.

## **Limited Warranty and Peace of Mind**

While Equipment is used and sold primarily "AS-IS," we offer optional extended powertrain coverage through third-party providers. All units undergo basic pre-sale checks for major functions.

## **Limitation of Liability**

Seller's liability is limited to the purchase price paid. We are not responsible for consequential damages, but we work hard to resolve any issues fairly and quickly.

## **Governing Law**

These Terms are governed by the laws of the State of Delaware, chosen for its fair consumer protections.

## **Customer-First Commitment**

Our goal is 100% buyer satisfaction. If anything falls short, contact us immediately — we'll make it right.
